the CELADON ADVANTAGE

- Great for highlighting texture
- Stiff - won't run when fired
- Bold color at Cone 5/6
- Translucent, glossy finish
- Great for layering with Potter's Choice line
- All colors available in 16oz for brushing
- Six colors available in 1gal for brushing
- All colors available in 10lb dry buckets for dipping

FAQ

Apply to... Cone 04 Bisqueware
Fire to... Cone 5 - Cone 6
Note: Celadons are formulated to be most vibrant at Cone 5. Most celadons are stable up to Cone 10 but do experience color shifts at higher temperatures.
Food safe? Yes. All Celadon glazes hold a food safety status.

MIX IT UP

AMACO Celadons are fully mixable - perfect for creating your own palette. Mix glazes with C-11 Mixing Clear to soften or combine colors to create something entirely new!
